ADMINISTRATION DIRECTORATE REVIEW: TRENDS AND HIGHLIGHTS

Evaluation

In order to enhance the usefulness of the Trends and Highlights Course to you and future participants, a continuing process of evaluation is necessary. We ask your cooperation in assisting us in keeping the course responsive to the needs of the participants.

COURSE OBJECTIVE

The objective of the course is to update Deputy Director for Administration careerists' knowledge and understanding of current activities, problems and trends in the Directorate and its various offices.

- A. Please indicate on this numerical scale how well in your estimation, the course has met its objective. (Number 1 is the lowest, number 7 is the highest.)

- B. What was the most useful segment of the program to you in your present assignment? The least useful? Please describe how you see the program benefiting you.

The most useful aspect of the course was the contact w other DDA careerists. Equally important is the access to the guest speakers & they all were more than willing to discuss any point.
Least useful - see C-

(See Reverse Side)

C. Did you feel the session on the Administration Directorate/
Management & Advisory Group (AD/MAG) was beneficial? Why?

I'm still not sure of the reason for this group's existence. Perhaps the Group ~~is~~ doesn't have "it all together" yet. The points they mentioned should ^{NOT} require additional committees to recognize them nor to initiate action. There seems to be ~~more~~ emphasis on ensuring everyone has a gripe channel than on supporting "intel activities".

D. Other Comments:

In general the course was very well done but was more "basic orientation" in nature than I expected. Again, I must mention the opportunity to meet & know other DDAers is very important. Seeing a face on the other end of the phone is very helpful; listening to others in a similar "boat" is wise; being listened to is very refreshing.

I enjoyed this group
